

3 brass instruments from the BARIGO SKY series

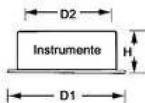

Three instruments from the BARIGO SKY series:
Quartz clock, barometer and comfortmeter.
Polished brass housings, opens with a twisting screw.

BARIGO Marine Instruments: BARIGO of Villingen-Schwenningen in the Black Forest was originally a builder of precision works for measuring air pressure and today offers a wide array of brass devices and clocks.

All boat instruments are polished or chromed brass or stainless steel.

They offer exceptional technology and precise function.

As usual at sea, the dials are in English.
