CYANIDE TEST KIT (ชุดทดสอบไซยาไนด์)

QUANTOFIX® Cyanide

REF 913 18

This test allows the quick and easy determination of cyanide in solutions. It includes all necessary reagents so that the measurement can be started immediately. A reliable result is obtained within 3 minutes.

Cyanide is extremely poisonous. The lethal dose is 1 mg/kg weight. Careful control of the cyanide concentration is therefore essential, whenever cyanides are used for industrial processes like for example electroplating or gold-mining. Cyanide control is also important during the production of fruit-brandies made from stone fruits.

Type:	test strips and reagents
Range:	0 · 1 · 3 · 10 · 30 mg/L CN ⁻
Sufficient for:	100 tests
Shelf life:	at least 2.5 years after production
Color change:	white → violet
