

# WATCH GLASS (กระจกนาฬิกา)

## 9985 PYREX Brand, Watch Glass

These watch glasses possess high chemical durability, thus preventing contamination of solutions. They are molded to the same radius of curvature for convenient stacking. The heavy wall and uniform fire-polished edge provide mechanical strength. The outside diameter cannot be controlled within close limits and a slight degree of out-of-round can be expected to occur.

Cat. No.	Diam. Size (mm)	Fits Beaker Size (mL)	Qty/Pk	Qty/Cs
9985-65	65	150	12	144
